In these Bali themed articles I'm sharing hot spots, Whi worthy cafes and beautiful hotels and apartments based in Bali. Follow my Bali travel guide collection to stay updated with everything you need to know about this amazing island.

You will find Sahana Villas in the heart of Seminyak in Bali, close to the most iconic cafes and beach clubs of the island. When we drove towards the complex, little did I know that we would find such a peaceful oasis within 200 meters of the busiest street of the island.

The apartments contain three rooms and are suitable for six people. All rooms have their own outdoor bathroom, which adds to the luxurious feeling you get when staying here. All rooms border on a beautiful inner garden with a private pool. If you book a room at Sahana Villas, the breakfast will be included and prepared daily in your own kitchen.

Since it was just me and my boyfriend during our stay here, we kind of felt like it was our own little palace. Both of us had quite some work to do, and the big table in the (open!) living room, and fast WiFi connection facilitated a perfect working environment.

As stated, Sahana Villas is located in the heart of Seminyak in a side street of Jl. Kayu Aya. From the villa it's a three minute walk to the main street, 20 minutes to Canggu and 15 minutes to Kuta. You'll have cute shops right around the corner, just like cafes such as Sisterfields, Revolver Cafe, Nalu Bowls and Mad Pops.

The employees at Sahana Villas are extremely friendly and will go out of their way to help you out. When I asked for a big watermelon because of a photo I wanted to take, they almost ran to get that watermelon for me. Yes, ran.

To summarize all advantages:

- ✦ Great location
- ✦ Extremely tidy
- ✦ Friendly staff
- ✦ Verry quiet with lots of privacy
- ✦ Whi worthy interior ;-)
